

Message from President Nash

Pastors please share with your members.....

Thank you Kathy Stewart Ezell who works for FEMA for all this valuable information!!

Homeowners.... You must go through your insurance company first.... FEMA comes in behind your insurance for further possible assistance... You must register 1800-621-3362.

If you lost income because you can't go to work... Call FEMA 1800-621-3362 and register for disaster unemployment.

If your vehicle flooded out in the storm.... You'll need to have liability coverage on your vehicle at the time of the disaster, your title n registration for FEMA (1800-621-3362) to pay. If you have full coverage you must file with your insurance company first

If you're under mandatory evacuation... Call FEMA and register... You will get up to 2 months of rental assistance at the fair market value of your area.

If you have bills you are behind in or if you have some coming due you can call them **EVERY COMPANY** is pushing back due dates & some are even credited full months of service if you're in Houston or surrounding areas. My friend just got 3 months no car notes with Toyota due to weather & another friend who has Chevrolet got car note credited for 2 months!

Call your light companies, phone companies, cable companies whoever and get the extra months to give yourself time to come back from this disaster!!

If you don't need this info then disregard but share. Never know who this can help. **All you must tell them is you are in Houston or surrounding counties and was affected by the hurricane...** A lot of them are already aware of what's going there and have policies in effect to help us.
